EDUCATION

Gandhi Engineering College, Bhubaneswar

Bachelor of Technology in - Computer Science and Engineering; CGPA: 7.8

Odisha, India

Nov 2022 – May 2026

Dav Public School

High School; Percentage: 70

Burhar, Madhya Pradesh

Jun 2020 – Jun 2022

Carmel Convent Sr.Sec. School

Secondary School; Percentage: 77.8

Amlai, Madhya Pradesh

July 2008 – May 2020

EXPERIENCE

Ck.Birla Group- Orient paper Mills

SAP/HANA Intern

Jun 2025 – Jul 2025

Onsite, Madhya Pradesh

- Worked on SAP S/4HANA modules, gaining hands-on experience in enterprise resource planning (ERP) systems.
- Assisted in configuring and testing (Finance) and MM (Material Management) modules to streamline operations.

Suvidha Foundation

UI/UX Design Intern

Dec 2022 – Jan 2023

Remote

- Enhanced the overall user experience by 10
- Designed wireframes, prototypes, and mockups using tools like Figma.

PROJECTS

Food Delivery Platform (Admin and Frontend) | Github: [LINK](#)

- Developed a responsive web platform enabling users to browse menus, add items to a cart, and complete secure payments using Stripe. Created a robust admin dashboard for managing products, users, and orders.
- Implemented JWT-based authentication and role-based route protection for secure operations.

Hotel Booking Web Application | Github: [LINK](#)

- Built a complete hotel booking system with real-time availability search, date-wise filtering, and room category management. Solved duplication issues using webhooks and server-side validation.
- Implemented user authentication and access control using JWT to separate user and admin functionalities.

Hospital Management System | Github: [LINK](#)

- Designed a Java Swing-based desktop app to manage hospital workflows, including patient records, appointments, and billing. Integrated login authentication with role-specific dashboards for doctors, staff, and receptionists
- Used MySQL with JDBC for backend operations and implemented input validation and error handling for data integrity.

SKILL SUMMARY

Programming Language: Java

Web Development: MongoDB, Express.js, React, Node.js, RESTful APIs, Tailwind CSS, Bootstrap

Software and Tools: Git and GitHub, VS Code, Postman, MySQL, SAP HANA Studio, Figma, IntelliJ, Eclipse

Soft Skills: Leadership, Event Management, Writing, Public Speaking, Time Management

Framework and Libraries: Express.js, React Router

CERTIFICATION

AWS APAC – Solution Architect Virtual Job Simulation

Deloitte Australia – Data Analytics Virtual Internship

ACHIEVEMENTS

Presented UI/UX Work at Tech Fest : Praised for clarity and intuitive experience.

Semifinalist: College Hackathon.

LeetCode: 100+ days Streak

3rd Place: Robo Race Competition.
